Robotics

# 1 Robotics

- Week13 진행상황

Overall debugging

Short video for a strolling user

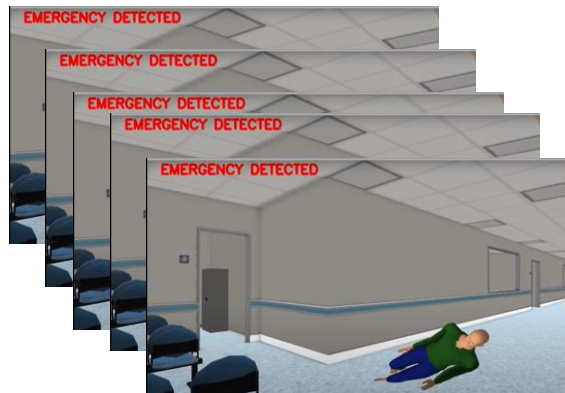

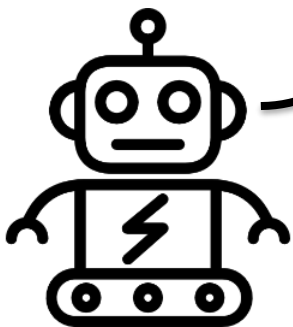

# 1 Robotics

- Overall debugging

Sending bunch of the same images at the same time to server

→ Solution : sleep the callback function while sending images.

Upload Image on Emergency

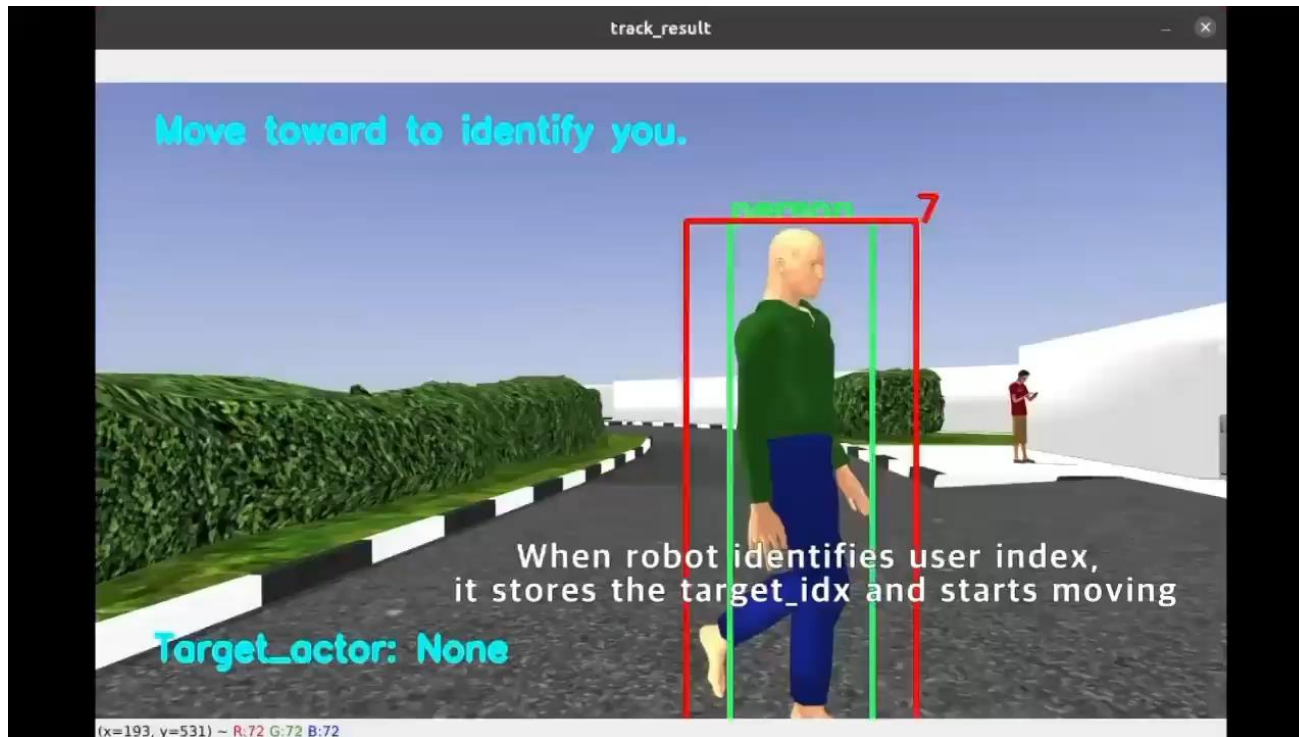

# 1 Robotics

- Short video for Strolling service

Sort tracking (track based on the idx of a user)

→ Identification process if the robot lost the user. Slow Down and find him!
